RE: Wireless Detection

FCC ID: SZX-SM002, SZX-FWS002 and SZX-SR002

I have a few comments on this Application.

1. The system receivers shall have input bandwidths that match the hopping channel bandwidths of their corresponding transmitters and shall shift frequencies in synchronization with the transmitted signals per CFR Part 15.247(a)(1). Please confirm this is the case and submit.
2. Please review CFR 15.247(g)(h) and confirm that the unit complies with these part of the rules and include with confirmation letter.
3. There is no data in the test reports to support compliance with 15.247 (d) (Bandedge). Please revise test report.

Thank you,

Douglas E. Noble  
Examining Engineer
