RE: FCC ID: T5V01EXEMIC_ATCB003647

Attention: Joel T Schneider

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that this device appears to be able to be used anywhere and would therefore appear to be noncoordinatable. Please provide evidence as to how this device meets 15.307(a) through (h).
2. Please explain how this device meets the definition of an Unlicensed PCS device per 15.301, 15.303 and 15.307 of 47CFR.
3. Please provide the required UTAM letter per (15.307b).
4. Please note that 2.1093 states, "Portable devices that operate in the Cellular Radiotelephone Service, the Personal Communications Service (PCS), the Satellite Communications Services, the General Wireless Communications Service, the Wireless Communications Service, the Maritime Services, the Specialized Mobile Radio Service, the 4.9 GHz Band Service, the Wireless Medical Telemetry Service (WMTS) and the Medical Implant Communications Service (MICS), authorized under subpart H of part 22 of this chapter, parts 24, 25, 26, 27, 80 and 90 of this chapter, subparts H and I of part 95 of this chapter, and **unlicensed personal communication service**, unlicensed NII devices and millimeter wave devices authorized **under subparts D and E**, §§15.253, 15.255 and 15.257 of this chapter **are subject to routine environmental evaluation for RF exposure** prior to equipment authorization or use. This means that regardless of the power level, SAR must be measured for portable Unlicensed PCS devices. Please provide the necessary SAR report.
5. Please provide the manual for this device. Please include the highest measured SAR values and all appropriate part 15 statements.
6. Please explain how the device meets the requirements of 15.323(c).
7. Please provide the required test report. Please ensure that all aspects of 15 subpart D are fully addressed.
8. Please note that a more complete review cannot be performed until all missing information is provided.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
