NOTES

RECOMMENDED ACCESSORIES

▶ RAPTOR CONTROL

RAPTOR WIRELESS FOOT SWITCH ▶

Raptor wireless foot switch allows for hands free control of your Raptor. Control one or two Raptors independently or simultaneously. Foot switch is waterproof, includes LED indicator lights and has an easy access battery compartment. Convenient Modular deck mount for easy removal and storage.

1810258

▶ RAPTOR MOUNTING ADAPTER BRACKETS

Raptor mounting brackets come in a variety of configurations to meet your mounting needs. They feature a light weight, aluminum construction for superior strength. Constructed with a powder coated exterior for corrosion resistance and include stainless steel mounting hardware. All brackets include a 5-year warranty.

DIRECT MOUNT ANGLE BRACKET ▶

In direct transom mount applications, maximizes holding power by providing optimal angle for Raptor deployment.

1810371

3" SETBACK BRACKET ▶

Provides 3" of additional setback to all mounting applications where specific clearances are required.

1810370

UNIVERSAL SANDWICH ADAPTER ▶

Mounts between your jackplate and transom or between the outboard and transom, for use in port or starboard applications.

1810372

JACKPLATE BRACKETS ▶

Mounts directly to your jackplate on the Port or Starboard side of your boat. Comes in a 4" or 6" rise.
