Subject: **Device Restriction Acknowledgment Statement** – FCC ID: T8GIDCEVORSE

HARMAN Becker Automotive Systems GmbH, as the manufacturer and responsible party for the device under FCC ID: T8GIDCEVORSE, hereby provides the following attestation statement acknowledging the operational restrictions required by the Federal Communications Commission (FCC) for Very Low Power (VLP) devices operating in the 5.925–7.125 GHz band:

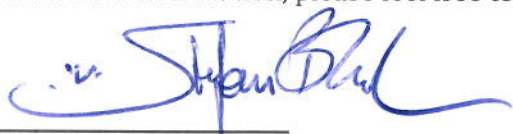

Device Restrictions Acknowledgment

We hereby acknowledge and attest that the device under FCC ID T8GIDCEVORSE is subject to the following operational restrictions mandated by the FCC:

1. Operation on oil platforms and aircraft is prohibited, except that operation in the 5.925–6.425 GHz band is permitted only on large aircraft flying above 10,000 feet.
2. The device must not be used for control of or communications with unmanned aircraft systems (UAS), including drones.

HARMAN Becker Automotive Systems GmbH confirms that these restrictions will be clearly communicated to users through product documentation, labeling, and/or instructions, as applicable, and that the device has been designed and configured to comply with these requirements.

We certify that the above statement is true and accurate to the best of our knowledge. Should you require any additional information, please feel free to contact us.
