Description of Changes

An already approved Dual Band GSM radio radio has been integrated into the enclosure of the GSR2700. The GSM radio is manufactured by Aplicom Oy and is approved under the following ID numbers:

FCC ID: FCC ID: S7BRX-9

The radio is being used exactly as previously approved

Note that the Aplicom Oy GSM radio will never be integrated with the Satel UHF version previously approved, the product will only be sold or manufactured in one configuration or the other, but never both
