The image displays four distinct nets for a cube, each composed of six squares. The nets are arranged in a 2x2 grid. The top-left net is yellow and features a central vertical column of three squares, with one square attached to the left of the middle square and one attached to the right of the top square. The top-right net is blue and features a central vertical column of three squares, with one square attached to the left of the middle square and one attached to the right of the top square, which has a semi-circular tab on its right side. The bottom-left net is green and features a central vertical column of three squares, with one square attached to the left of the middle square and one attached to the right of the bottom square. The bottom-right net is red and features a central vertical column of three squares, with one square attached to the left of the middle square and one attached to the right of the bottom square, which has a semi-circular tab on its right side.
