

RF Monolithics, Inc.
4441 Sigma Road – Dallas, TX 75244

June 21, 2005

Federal Communications Commission
Authorization and Evaluation Division

Confidentiality Request regarding application for certification of FCC ID: TE6-DM2100A.

Pursuant to Sections 0.457 and 0.459 of the Commission's Rules, we hereby request confidential treatment of certain information accompanying this application as itemized below:

- Schematics
- Circuit description
- Block diagram

The above documents contain information not normally released to the public. The public disclosure of these documents and/or materials may be harmful to the applicant's business and will provide unjustified benefits to the applicant's competitors.

The applicant understands that pursuant to Section 0.457 of the FCC rules, disclosure of the documents listed above, will be withheld from publication, in any form, indefinitely, unless a retraction of non-disclosure is authorized in writing and delivered by certified courier to the certifying body by the applicant. Also, the applicant understands that disclosure or any form of publication of any of the other documents associated with this application will not be made public before the grant for this device has been issued to the applicant.

Sincerely,

Frank Perkins
Vice President of New Business Development
