RE: Supersede Request Letter

FCC ID: TE7C2V3

We would like to update test report for our certified product from "1609FR11-01_P15C (16-0683) Part 1v2" to "1609FR11-01_P15C (16-0683) Part 1v3"

Beside summery results change of 2.4GHz test report - revise a typo on page 7 for the output power described , others remain the same.

We request to supersede below exhibits.

(1) Test Report

Pls kindly let us know if you have any question.

Sincerely,
