Re: Request of Confidentiality

Pursuant to Sections 0.457(d)(1)(ii) and 0.459 of the Commission's Rules, the Applicant hereby requests confidential treatment of information accompanying as outlined below:

- Schematics
- Interior Photos

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these matters might be harmful to the Applicant and provide unjustified benefits to its competitors. Since the end user won't be able to see the AirPoint board when it is installed (inside the sealed meter and not sold to the general public), it is reasonable to hold the photographs confidential since they contain trade secrets and proprietary information.

The Applicant understands that pursuant to Rule 0.457(d)(1)(ii), disclosure of this Application and all accompanying documentation will not be made before the date of the Grant for this Application.

Sincerely,

A handwritten signature in dark ink, appearing to read "Dave Olson", written in a cursive style.
