Requesting permissive change

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for
FCC ID: TK4WL7002E26, Original grant date: February 14, 2025

The major change filed under this application is

1. The subject approved module is integrated in a new host (Product Name: Security Appliance, Model: T91W.)
2. Update firmware and the changes made in this firmware update do not affect the device's compliance with the requirements, including CBP (Contention-Based protocol) functionality.
3. CBP performance has been evaluated to ensure that it continues to meet all applicable rules.
4. There are no hardware changes associated with this update.
5. The security mechanism according to section II of KDB 594280 D02 is remained unchanged as it reported to the FCC at the initial certification.
6. Evaluations have been conducted to ensure compliance with EMC and RF exposure requirements.

Sincerely,
