Justification Letter for Label

FCC ID: TMGG1TDDMN014

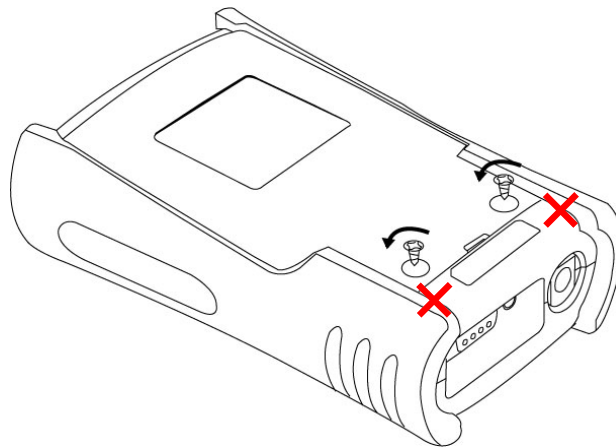

To whom it may concern:

Other than the back of the product, there is not enough area to place the product information and regulatory information due to design.

Thus, the label is placed on the back cover(battery cover) of the product.

Depending on the shroud and buried structure, product cannot be arbitrarily disassembled.

In addition, precautions were indicated in the manual not to remove the bolt.

Sincerely,

Contact Name: JIHYUNG RYU
