3.2.12 Network and Dial-up Connections

Table 3-33 Network and Dial-up Connections

ICON	ITEM & FUNCTION
 Network and Dial-up Co...	● “Connection” Tab : ✓ To create a “Dial-up Connection”: ➤ Double-tap the “Make New connection”. ➤ In the “Make New Connection” dialog box, enter a name for the connection. ➤ Select “Dial-Up Connection”. ➤ Select the “Next” button. ➤ Select the modem you want use. ➤ Select “Configure” ➤ Under “Connection Reference”, use the default settings provided. If you can’t connect using these settings, see your ISP or network administrator for specific information. If you want to always enter a phone number before connecting, Select “Manual Dial”. Select “OK”.

	➤ Select “TCP/IP Settings”. In the “General” tab, ensure “Use Server-assigned IP address” is selected. In the “Name Servers” tab, ensure “Use Server-assigned addresses” is selected, and select “OK”. If you are unable to connect with these default settings, see your ISP or network administrator for specific TCP/IP information. ➤ Select the “Next” button and type the telephone number. ➤ Select the “Finish” button. The connection you just created appears as an icon in the “Network and Dial-up Connections” folder. ✓ Set up a point-to-Point Protocol(PPP) account with an ISP and obtain the following information: ➤ Access telephone number ➤ User name ➤ Password
	Once you have established an account, create a new connection on your device. When creating this connection, you should be able to use all of the default TCP/IP settings provided in the Make New Connection Wizard. If you can’t connect using the default settings, contact your ISP or access your ISP’s Web site for specific TCP/IP information as well as primary and secondary DNS address. ✓ Modify connection setting ➤ Select Start > Settings > Network and Dialup Connections ➤ Select the icon for connection settings you want to modify. ➤ Select File > Properties, or double- tap the appropriate icon. ➤ Select desired options. There may be additional settings that depend on the connection. To modify, select the icon and select the icon and select Advanced Settings... from the menu.
