The image displays a green VMEbus system board, likely a 6U format, populated with various electronic components. Key features include:

- Integrated Circuits (ICs):** Six 2421 HNT40116 ICs are visible, arranged in a row. A central processor unit is also present.
- Heat Sinks:** Several heat sinks are mounted on the board, indicating the presence of power-dissipating components.
- Connectors:** The board features multiple connectors, including a large multi-pin connector at the top and several smaller connectors along the edges.
- Scale:** A ruler is placed below the board, showing measurements in inches and centimeters.
