7-inch screen handheld device user manual

HVIN: DGUNL-7065

1. Overview

The product is a brand 7-inch screen handheld device customized for customers, using the RK3128 solution and built-in customized games for customers.

2. Functional features

2.1 Plan: RK3128.

2.2 Display Screen: 7-inch IPS screen with a resolution of 1024 * 600.

2.3 Buttons: HOME, SETTINGS, CREDIT, SELECT, START, Encoder, UP, DOWN, LEFT, RIGHT, track ball, A, B, X, Y, 1, 2, 3, 4, 5, 6, 7, 8, 9, *, 0, #, VOL-, VOL+, L1, L2, R1, R2.

2.4 Power button: Power on/off by pulling the switch.

2.5 Power supply mode: Built in lithium battery 7000mA/H, Type-C port for charging (with upgrade function).

2.6 Supports OTA upgrades.

2.7 Supports two Type C female socket expansion plug handles.

2.8 LED indicator light: Charging red, fully charged green, flashing red when low.

2.9 Supports inserting TF cards.

2.10 Supports HDMI output.

2.11 Supports dual channel stereo headphone jack output.

2.12 Supports trackball function.

2.13 Support buttons with light rings under them: encoder, directional keys, trackball A, B, X, Y, 1, 2, 3, 4, 5, 6, 7, 8, 9, *, 0, #, L1, L2, R1, R2.

2.14 The back of the host is equipped with a bracket function, which facilitates operation in different forms.

3. Product schematic diagram:

4. Function Introduction

4.1 Power switch: Right unplug to turn on, left unplug to turn off.

During the startup process, all button lights are on, and only functional buttons will light up after entering the homepage.

4.3 Power Supply: The host is equipped with a built-in 7000mA/H lithium battery, which can be charged through the TYPE-C port.

4.4 TV screen mirroring, the host is connected to the TV through an HDMI cable, and games can be played on the TV screen.

5. Charging function

5.1 Charging whether in power on or off state: The red light will turn on when the charging cable is plugged in, and the green light will turn on when fully charged.

6. WIFI connection method

6.1 Press the "SETTINGS" key to enter the settings interface, enter the Update option, and then select Select Network. The list of currently searchable WIFI will be displayed in the right border. Select the WIFI you want to join and output the password.

7. OTA upgrade method

7.1 Enter the 'Update' option, then select 'Software Update' to start the OTA upgrade.

8 current state

Test Status	current
After booting up, in the game directory state	0.98-1A
When entering the game and the volume is at its maximum	1.2A
Current after shutdown	70 uA
charging current	1.85A

9. Introduction to the functions of LED lights

9.1 Charging in progress: Red light.

9.2 Full: Green light.

9.3 Low battery: The red light flashes (indicating that the battery level is below 20%).

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- ▶ -Reorient or relocate the receiving antenna.
- ▶ -Increase the separation between the equipment and receiver.
- ▶ -Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- ▶ -Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement.

ISED Notice

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause harmful interference.

(2) This device must accept any interference received, including interference that may cause undesired operation of the device.

The digital apparatus complies with Canada ICES-3 (B)/NMB-3(B).

Cet appareil contient des émetteurs/récepteurs exemptés de licence qui sont conformes aux RSS exemptés de licence d'innovation, sciences et développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

(1) Cet appareil ne doit pas causer d'interférences nuisibles, et

(2) Cet appareil doit accepter toute interférence reçue, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.

RF Exposure Statement

The device has been evaluated to meet general RF exposure requirement.

L'appareil a été évalué pour répondre aux exigences générales en matière d'exposition aux RF.
