

## Class II Permissive Change Letter

Date: May 20, 2022

To Whom It May Concern:

The purpose of this letter is to request Class II Permissive Change for:

FCC ID: **TX2-RTL8821CE**

Original Grant Date: **12/12/2016**

Change

#1: Add two host platform, Brand: dynabook, Product: Notebook Computer, Model: SATELLITE PRO C40-K, dynabook E40-K

| Brand                                                  | Model               | Difference                                                                              |
|--------------------------------------------------------|---------------------|-----------------------------------------------------------------------------------------|
| dynabook                                               | SATELLITE PRO C40-K | All models are electrically identical, different model names are for marketing purpose. |
|                                                        | dynabook E40-K      |                                                                                         |
| The representative test sample is SATELLITE PRO C40-K. |                     |                                                                                         |

#2: Add two antennas, the antenna type (PIFA) is the same as the original grant, and the gain of each antenna is lower.

Except for the above differences, the hardware design is identical with the original Grant. Should you have any enquires or comments, please have my best attention.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dana Liaw", with a stylized flourish at the end.
