RE: Application of FCC ID to Equipment & Advice of Amended FCC ID

Dear Linda,

In response to e-mail advice we have taken corrective action and now forwarded a diagram ('MT401-401FF FCC_ID Placement (Version3).pdf') showing a valid character format FCC ID and its placement on our 406MHz EPIRB product

Further please accept our advice that we wish to amend the previously requested ID which contained the illegal character '/' to:

FCC ID: TXJMT401-FF

Yours faithfully

Craig Duncan

Project Engineering Manager
