Solder Board-Component View 18	 A photograph of a small green printed circuit board (PCB) component, labeled '18', positioned on a blue textured surface. The component is rectangular with rounded corners and features a central circular solder pad with a small hole. It is surrounded by several smaller circular solder pads. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters (mm). The ruler markings range from 0 to 100 mm, with major increments every 10 mm and minor increments every 1 mm.
Solder Board-Component View 19	 A photograph of a small green printed circuit board (PCB) component, labeled '19', positioned on a blue textured surface. The component is rectangular with rounded corners and features a central circular solder pad with a small hole. It is surrounded by several smaller circular solder pads. A black ruler with white markings is placed horizontally below the component, showing measurements in millimeters (mm). The ruler markings range from 0 to 100 mm, with major increments every 10 mm and minor increments every 1 mm.
