

# SE-BCD-BC-B2U1CX-4

**Best  
Bluetooth**

**9.2x EDR Profile**

**USB Bluetooth**

## Important Information Required By the FCC

The Manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

## REGULATORY INFORMATION

### 15.21 - Federal Communications Commission (FCC) Statement

You are cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

### FCC – Class B

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**This device complies with Part 15 of the FCC Rules.**

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

### FCC RF Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

### Europe – R&TTE Compliance Statement

This equipment complies with all the requirements of DIRECTIVE 1999/5/CE OF THE EUROPEAN PARLIAMENT AND THE COUNCIL of March 9, 1999 on Radio equipment and Telecommunication Terminal Equipment and the mutual recognition of their conformity (R&TTE).

### CE Declaration of Conformity

This equipment is herewith confirmed to comply with the requirements set out in the council (European Parliament) Directive on the Approximation of the Laws of the Member States relating to Electromagnetic Compatibility of Radio and Telecom device (1999/5/EC). For the evaluation regarding this Directive, the following standards were applied:

EN 300 328-2 V1.6.1:2004

EN 301 489-1 V1.4.1:2002, EN 301 489-17 V1.2.1:2002

EN 60950-1:2001

## Quick Installation Guide

### INTRODUCTION

The USB Bluetooth 2.x EDR adapter allows a computer with a USB port to communicate with other Bluetooth-enabled devices. When used with the Bluetooth application software it can perform wireless network applications such as file transfer, audio streaming, dial-up networking, printer application, and so on.

### FEATURES

- Compliant with USB 2.0 Full-Speed (12Mbps) specification
- Bluetooth 2.0 / 2.1 EDR (Enhanced Data Rate) compliant, 3 times faster than Bluetooth 1.2
- Bluetooth Class 2 model: Operating range up to 10 meters or Bluetooth Class 1 model: Operating range up to 100 meters
- Radio frequency range: 2402 - 2480 MHz for USA/Europe/Japan
- Support Advance Audio Distribution Profile (A2DP)
- Enhanced wireless audio quality and reduced power consumption
- Create a wireless connection between your laptop and other Bluetooth devices such as computers, headsets, mobile phones, PDA's and printers
- Supports Bluetooth Ink-jet and Laser printing, net meeting applications, audio gateway, audio streaming to Bluetooth headset or speakers
- Hands-Free Profile to provide HFP functions for VOIP applications like Skype.
- Integrates Skype APIs to support headset buttons of Answer/Terminate/Reject calls
- Supports Windows 98SE, ME, 2000, XP, Vista operating system

### BEFORE INSTALLATION

Before installation, do NOT plug the Bluetooth adapter into your computer. Make sure any previous version of Widcomm Bluetooth Software is removed from your system. Follow the instruction shown below to remove the old Widcomm software:

- Click Start/Settings, and then select Control Panel.
- In the Control Panel window, double click Add/Remove programs icon.
- Find out the item Widcomm Bluetooth Software x.x.x.x, and then remove it.

Before proceeding to next step, make sure at least 300MB free disk space is available in your system.

### SOFTWARE INSTALLATION ON WINDOWS 98SE/ME/2000/XP

1. Insert the drivers CD into your CD-ROM.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW5.1\ folder to start installation.

Widcomm (BTW) is a licensed software. Due to the terms of the license agreement, it is not permitted to post the software on the internet for free download. To obtain latest version of the software, please contact your reseller.

### SOFTWARE OPERATION

- Please refer to the user manual located in the BTW software folder.
8. Click Next button when the welcome window shows up.
7. Wait a few minutes, when click Finish to complete the installation.
6. Click Install to continue.
5. In License Agreement window, check the item "I accept the terms in the license agreement" and click Click Next button when a welcome window shows up.
4. Click Next button when the welcome window shows up.
3. Double click Setup.exe in \Bluetooth\Broadcom\BTW6.0\ folder to request configuration of Bluetooth USB adapter to USB port.
2. Insert the drivers CD into your CD-ROM.
1. Insert the drivers CD into your CD-ROM.
10. Click Next button when the welcome window shows up.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, press OK button to confirm and proceed.
7. Double click Signature Noise dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW6.0\ folder to start installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click OK to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. Click Next button when the welcome window shows up.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW5.1\ folder to complete the installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. Click Next button when the welcome window shows up.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW6.0\ folder to start installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. Click Next button when the welcome window shows up.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW5.1\ folder to complete the installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. Click Next button when the welcome window shows up.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW6.0\ folder to start installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. Click Next button when the welcome window shows up.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW5.1\ folder to complete the installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. Click Next button when the welcome window shows up.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW6.0\ folder to start installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. Click Next button when the welcome window shows up.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW5.1\ folder to complete the installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. Click Next button when the welcome window shows up.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW6.0\ folder to start installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. Click Next button when the welcome window shows up.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW5.1\ folder to complete the installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
4. Click Next button when the welcome window shows up.
3. Click Next button when the welcome window shows up.
2. Double click Setup.exe in \Bluetooth\Broadcom\BTW6.0\ folder to start installation.
1. In License Agreement window, click "I accept the terms in the license agreement" and click Next button.
9. Wait a few minutes, and then click Finish to complete the installation.
8. When the "Bluetooth device not found" dialog box pops up, plug the Bluetooth USB Adapter to USB port, then click OK.
7. During installation, if a "Digital Signature Noise" dialog box pops up, press OK button to confirm and proceed.
6. Click Install to continue.
5. In destination folder window, you can change the installation path. After selected the right path, click Next button.
