Battery Installation

Insert the battery with the contacts down, then press firmly until the battery latch clicks twice:

Charging Instructions

The battery pack is not initially fully charged. After installing the battery, charge it with the single slot dock*.

Do not use the Falcon X4 until batteries are charged for minimum 4 hours.

*. The power supply for the single slot dock is included in the single slot dock box (P/N 94A150057).

MicroSD Card Installation

- 1. Turn off the Falcon X4.
- 2. Pull the battery latch down and remove the battery pack:

- 3. Slide the cardholder to the right and then pull it up:

- 4. Insert the microSD card with the written part upward. Lock the card into place by pushing the cardholder down and then sliding it to the left:

- 5. Replace the battery (see [Battery Installation](#)).

Scanning and Imaging

1D Imager Data Capture

Aiming System Pattern

The following information applies to Laser Aiming System, used on Falcon X4 variants with 2D Imager:

Synchronise your Device with the PC

Set up Synchronisation using Windows Mobile® Device Center

Windows Mobile® Device Center can be downloaded from Microsoft website www.microsoft.com. It is only compatible with Windows Vista and Windows 7; if you run Windows XP or earlier, you have to download Microsoft ActiveSync.

You can establish a connection to your Falcon X4 through the following interfaces:

- USB either through the HandyLink™ cable or the Single Dock
- RS232 either directly or through the Single Dock
- Bluetooth®

To establish a partnership between the Falcon X4 and a host PC, start Windows Mobile® Device Center and follow the steps below:

- 1. Connect the Falcon X4 to the host PC. Windows Mobile® Device Center configures itself and then opens.
- 2. On the license agreement screen, click Accept.
- 3. On the Windows Mobile® Device Center's Home screen, click Set up your device.
- 4. Select the information types that you want to synchronize, then click Next.
- 5. Enter a device name and click Set Up.

When you finish the setup wizard, Windows Mobile® Device Center synchronizes the mobile computer automatically. Microsoft® Office Outlook® emails and other information will appear on your device after synchronization.
