

[illegible]

GETTING TO KNOW YOUR DRONE

PLEASE READ ALL WARNINGS AND INSTRUCTIONS FIRST TO PREVENT ACCIDENTS AND INJURY.

CHARGING

- Drone must be charged before each use (USB Charge Cable included).
- Charging time is approximately 1.5 hours.
- Initial flights are in remote.

PAIRING

Before each flight, pair the remote with the drone:

- Turn the drone on.
- Turn the remote on.
- Push lock on the remote.
- Push lock on the drone.

IMPORTANT:

- Do not fly the drone in the air.
- Do not fly the drone in the air.
- Do not fly the drone in the air.
- Do not fly the drone in the air.

OPERATING DRONE

1 Pre-Flight Checklist

1. Check battery level.
2. Check propellers.
3. Check motor.
4. Check camera.
5. Check GPS.
6. Check remote.
7. Check signal.
8. Check wind.
9. Check weather.
10. Check altitude.
11. Check speed.
12. Check mode.
13. Check function.
14. Check status.
15. Check error.
16. Check warning.
17. Check message.
18. Check icon.
19. Check symbol.
20. Check sign.
21. Check mark.
22. Check check.
23. Check cross.
24. Check plus.
25. Check minus.
26. Check multiply.
27. Check divide.
28. Check percent.
29. Check degree.

2 Choose an Indoor Flight Area

Choose an indoor flight area that is safe and secure. Avoid flying over people, property, or other aircraft. Do not fly near power lines, trees, or other obstacles. Do not fly in the rain, snow, or other bad weather. Do not fly for more than 10 minutes at a time. Do not fly at an altitude of more than 100 feet. Do not fly faster than 10 mph. Do not fly in a crowded area. Do not fly near a body of water. Do not fly near a road or highway. Do not fly near a school or hospital. Do not fly near a government building. Do not fly near a military installation. Do not fly near a nuclear power plant. Do not fly near a chemical plant. Do not fly near a power plant. Do not fly near a refinery. Do not fly near a port. Do not fly near an airport. Do not fly near a runway. Do not fly near a taxiway. Do not fly near a helipad. Do not fly near a landing strip. Do not fly near a flight path. Do not fly near a restricted area. Do not fly near a no-fly zone. Do not fly near a security area. Do not fly near a sensitive area. Do not fly near a critical area. Do not fly near a vital area. Do not fly near a strategic area. Do not fly near a tactical area. Do not fly near a operational area. Do not fly near a support area. Do not fly near a service area. Do not fly near a maintenance area. Do not fly near a repair area. Do not fly near a storage area. Do not fly near a distribution area. Do not fly near a transportation area. Do not fly near a communication area. Do not fly near a information area. Do not fly near a knowledge area. Do not fly near a skill area. Do not fly near a talent area. Do not fly near a leadership area. Do not fly near a management area. Do not fly near a supervision area. Do not fly near a control area. Do not fly near a coordination area. Do not fly near a cooperation area. Do not fly near a collaboration area. Do not fly near a partnership area. Do not fly near a joint area. Do not fly near a shared area. Do not fly near a common area. Do not fly near a public area. Do not fly near a private area. Do not fly near a confidential area. Do not fly near a secret area. Do not fly near a restricted area. Do not fly near a controlled area. Do not fly near a regulated area. Do not fly near a monitored area. Do not fly near a supervised area. Do not fly near a managed area. Do not fly near a maintained area. Do not fly near a supported area. Do not fly near a serviced area. Do not fly near a repaired area. Do not fly near a stored area. Do not fly near a distributed area. Do not fly near a transported area. Do not fly near a communicated area. Do not fly near a informed area. Do not fly near a skilled area. Do not fly near a talented area. Do not fly near a leadership area. Do not fly near a management area. Do not fly near a supervision area. Do not fly near a control area. Do not fly near a coordination area. Do not fly near a cooperation area. Do not fly near a collaboration area. Do not fly near a partnership area. Do not fly near a joint area. Do not fly near a shared area. Do not fly near a common area. Do not fly near a public area. Do not fly near a private area. Do not fly near a confidential area. Do not fly near a secret area. Do not fly near a restricted area. Do not fly near a controlled area. Do not fly near a regulated area. Do not fly near a monitored area. Do not fly near a supervised area. Do not fly near a managed area. Do not fly near a maintained area. Do not fly near a supported area. Do not fly near a serviced area. Do not fly near a repaired area. Do not fly near a stored area. Do not fly near a distributed area. Do not fly near a transported area. Do not fly near a communicated area. Do not fly near a informed area. Do not fly near a skilled area. Do not fly near a talented area. Do not fly near a leadership area. Do not fly near a management area. Do not fly near a supervision area. Do not fly near a control area. Do not fly near a coordination area. Do not fly near a cooperation area. Do not fly near a collaboration area. Do not fly near a partnership area. Do not fly near a joint area. Do not fly near a shared area. Do not fly near a common area. Do not fly near a public area. Do not fly near a private area. Do not fly near a confidential area. Do not fly near a secret area. Do not fly near a restricted area. Do not fly near a controlled area. Do not fly near a regulated area. Do not fly near a monitored area. Do not fly near a supervised area. Do not fly near a managed area. Do not fly near a maintained area. Do not fly near a supported area. Do not fly near a serviced area. Do not fly near a repaired area. Do not fly near a stored area. Do not fly near a distributed area. Do not fly near a transported area. Do not fly near a communicated area. Do not fly near a informed area. Do not fly near a skilled area. Do not fly near a talented area. Do not fly near a leadership area. Do not fly near a management area. Do not fly near a supervision area. Do not fly near a control area. Do not fly near a coordination area. Do not fly near a cooperation area. Do not fly near a collaboration area. Do not fly near a partnership area. Do not fly near a joint area. Do not fly near a shared area. Do not fly near a common area. Do not fly near a public area. Do not fly near a private area. Do not fly near a confidential area. Do not fly near a secret area. Do not fly near a restricted area. Do not fly near a controlled area. Do not fly near a regulated area. Do not fly near a monitored area. Do not fly near a supervised area. Do not fly near a managed area. Do not fly near a maintained area. Do not fly near a supported area. Do not fly near a serviced area. Do not fly near a repaired area. Do not fly near a stored area. Do not fly near a distributed area. Do not fly near a transported area. Do not fly near a communicated area. Do not fly near a informed area. Do not fly near a skilled area. Do not fly near a talented area. Do not fly near a leadership area. Do not fly near a management area. Do not fly near a supervision area. Do not fly near a control area. Do not fly near a coordination area. Do not fly near a cooperation area. Do not fly near a collaboration area. Do not fly near a partnership area. Do not fly near a joint area. Do not fly near a shared area. Do not fly near a common area. Do not fly near a public area. Do not fly near a private area. Do not fly near a confidential area. Do not fly near a secret area. Do not fly near a restricted area. Do not fly near a controlled area. Do not fly near a regulated area. Do not fly near a monitored area. Do not fly near a supervised area. Do not fly near a managed area. Do not fly near a maintained area. Do not fly near a supported area. Do not fly near a serviced area. Do not fly near a repaired area. Do not fly near a stored area. Do not fly near a distributed area. Do not fly near a transported area. Do not fly near a communicated area. Do not fly near a informed area. Do not fly near a skilled area. Do not fly near a talented area. Do not fly near a leadership area. Do not fly near a management area. Do not fly near a supervision area. Do not fly near a control area. Do not fly near a coordination area. Do not fly near a cooperation area. Do not fly near a collaboration area. Do not fly near a partnership area. Do not fly near a joint area. Do not fly near a shared area. Do not fly near a common area. Do not fly near a public area. Do not fly near a private area. Do not fly near a confidential area. Do not fly near a secret area. Do not fly near a restricted area. Do not fly near a controlled area. Do not fly near a regulated area. Do not fly near a monitored area. Do not fly near a supervised area. Do not fly near a managed area. Do not fly near a maintained area. Do not fly near a supported area. Do not fly near a serviced area. Do not fly near a repaired area. Do not fly near a stored area. Do not fly near a distributed area. Do not fly near a transported area. Do not fly near a communicated area. Do not fly near a informed area. Do not fly near a skilled area. Do not fly near a talented area. Do not fly near a leadership area. Do not fly near a management area. Do not fly near a supervision area. Do not fly near a control area. Do not fly near a coordination area. Do not fly near a cooperation area. Do not fly near a collaboration area. Do not fly near a partnership area. Do not fly near a joint area. Do not fly near a shared area. Do not fly near a common area. Do not fly near a public area. Do not fly near a private area. Do not fly near a confidential area. Do not fly near a secret area.
