Re: FCC ID: U9O-SM220

To Whom It May Concern:

The following application is submitted on behalf of our client, Synapse Wireless Inc., for evaluation of their model SM220 for certification under FCC Part 15.247.

The SM220 is a stand-alone module consisting of a single printed circuit board. The SM220 is an IEEE 802.15.4 wireless transceiver configured with a PCB trace antenna and a U.FL. connector for external antenna connection. The RF ports are selected via software and are not active simultaneously. The EUT was evaluated for both RF ports and with the applicable antenna configuration.

The FCC ID: U9O-SM220 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,
