

A photograph of a small, black, rectangular electronic component, likely a microcontroller or sensor module, resting on a blue textured surface. A thin yellow wire is soldered to one of the pins on the component. A ruler is placed horizontally below the component, showing measurements in millimeters (0 to 100 mm). The component has some text printed on it, including "P/N: 10000000000000000000", "Rev: 1.0", "Date: 10/10/2010", and "Lot: 10000000000000000000".
