FCC ID: UIPSQ400M1311
FCC Part 15 Testing Attestation

To whom it may concern

This letter is to attest that the 4RF SQ400M131 Point to Multipoint Digital Radio has been tested by this laboratory to FCC part 15, Sections A and B, sections 15.107, 15.109 and 15.111 and was found to comply.

Testing was carried out to Part 15 as the device contains a digital device with Ethernet, RS-232 and USB ports and it also contains a receiver.

The verification compliance process has been applied to this device as:

- the receiver is contained within a transceiver
- the transceiver will be marketed for use exclusively in a commercial/business environment and will therefore be classed as a Class A device

Yours faithfully,

A handwritten signature in black ink, appearing to read "Andrew Cutler". The signature is fluid and cursive, with the first name "Andrew" and the last name "Cutler" clearly distinguishable.

Andrew Cutler
General Manager
