RE: Changes to SQ757M160

We hereby inform, for the purposes of filing, that the product with FCC ID: UIPSQ757M160, had the following changes.

A new synthesizer circuit has been developed to replace the existing synthesizer circuit for better functionality and performance.

Test reports accompany the application to ensure the performance has not degraded beyond what they were originally certified.

Photos and schematics are provided.

Sincerely,

A handwritten signature in black ink that reads 'R. French'.

Ruth French

Compliance Manager
