This equipment contains several markings to ensure traceability and fulfilment of the marking requirements established by international regulations.

In this product, the marking information is divided into three categories: trademark, CE type and label.

1 IQ3M0B1

Trademark

The manufacturers name, SALTO SYSTEMS, S.L., is marked on the label located at the rear side of the device. The trademark is visible to the final user.

CE type

The CE type reference of this equipment is P2336 and it is marked on the label located at the rear side of the device.

The CE type is common for all electronic models of this product family. It is visible even after installation allowing the identification of the product when it is installed as intended. This item number is also used as an identifier on the EU Declaration of Conformity. Together with the electronic model (marked on the label) is used for the traceability of the equipment.

Label

The label is located at the rear side of the device. The label contains the following information:
