Dear Sir:

This is a letter to request confidentiality on information submitted in the above application. We would like to request confidentiality on some of the exhibits we submitted from the above original application, for the reason of protecting our trade secrets. If those exhibits are made available for public inspection, any person who gets the information will be able to reverse design and make the same products very easily. This would cause a very serious problem and huge economic loss for us, because we have invested so much time and resources in this project. Please do not make the following items, **Block Diagram, Schematics and Operational Description**, routinely available for public inspection.

Confidentiality Request regarding application for certification of FCC ID: UL2AT555

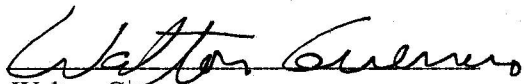

Pursuant to Sections 0.457 and 0.459 of the Commission's Rules, we hereby request confidential treatment of information accompanying this application as outlined below:
