Manufacturer's Statement

FCC ID location justification

FCC IDs: UN6-DTI110, UN6-DTI120, UN6-DTI124, UN6-DTI130, UN6-DTI134

TO WHOM IT MAY CONCERN:

We, the undersigned, hereby submit the justification for placing the FCC ID in the Associated User Manual and on the device packaging for the RFID read/write heads having the above-mentioned FCC IDs.

According to KDB Publication 784748 D01, when the device is so small, or for such use that it is impracticable to label with a font size that is four points or larger (and the device does not utilize electronic labelling), then the FCC ID shall be placed in the user manual.

Therefore, the FCC ID label is placed in the User Manual and on the device packaging.

If you have any questions, please feel free to contact us at the address shown above.

Sincerely,
