

G2005 / G2007

Keep these instructions for future reference they contain important information.

CONTENTS/FEATURES

Vehicle

- 1 Battery door
- 2 Rechargeable batteries
- 3 ON/OFF switch
- 4 Twin PowerScrews
- 5 Indicated light

Transmitter

- 1 Driving Controls
- 2 Battery Door
- 3 Antenna
- 4 ON/OFF switch
- 5

Adaptor/Battery

- 1 Adaptor
- 2 7.2V Rechargeable battery pack
- 3 9V Transmitter battery

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.

1 CONSUMER INFORMATION

BATTERY SAFETY INFORMATION

In exceptional circumstances batteries may leak fluids that can cause a chemical burn injury or ruin your toy (product). To avoid battery leakage:

- Non-rechargeable batteries are not to be recharged
- Rechargeable batteries are to be removed from the toy before being recharged (if designed to be removable.)
- Rechargeable batteries are only to be charged under adult supervision (if designed to be removable)
- Do not mix alkaline, standard (carbon-zinc), or rechargeable (nickel-cadmium) batteries
- Only batteries of the same or equivalent type as recommended are to be used
- Batteries are to be inserted with the correct polarity
- Exhausted batteries are to be removed from the toy
- The supply terminals are not to be short-circuited
- Dispose of batteries safely
- Do not dispose of this toy in a fire
- The batteries inside may explode or leak

Note to Adults: To ensure that the child's play is both safe and fun, please review all operating instructions and safety rules with your child.

SAFETY TIPS- FOR ALL DRIVING ENVIRONMENTS

- NEVER drive your vehicle on streets! They're for real cars!
- DO NOT pick up vehicle while in motion.
- Keep fingers, hair and loose clothing away from the PowerScrews while the vehicle is switched ON!

CAUTION: To prevent entanglement, keep hair away from moving parts.

- Adult supervision is recommended when this vehicle is being operated.
- To avoid accidental operation, remove all batteries when not in use. Always turn the vehicle OFF before removing batteries.

SPECIAL SAFETY INFORMATION- FOR WATER OPERATION

WARNING: Never allow young children to play in or around water without adult supervision.

Do not operate near swimmers. Stand away from the water's edge when operating.

TIPS&HINTS

TIPS&HINTS-FOR ALL DRIVING ENVIRONMENTS

1. When your vehicle starts to lose power, it may lose functions or performance. It's time for a recharge. For best start performance, always start with a fully charged battery.
2. Your vehicle's running time may change depending on driving style and driving environment.
3. Radio interference can make your vehicle run badly. Turning on the same frequency electrical wires, large buildings, CB radios, or other wireless gear. Try to stay away from them.
4. Point your transmitter antenna up, not down toward your vehicle if your vehicle gets too far away, it won't work properly.
5. Don't store your vehicle near heat or in direct sunlight. Always turn switches OFF and remove all batteries for storage.
6. After each use, remove any water, moisture, dirt or mud from the vehicle, using a clean dry cloth. Make sure the vehicle is fully drained of water and allow the vehicle to air dry completely after use.
7. Operate your vehicle only in calm, clear water. Ponds and shallow ponds are recommended.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

If shielded cables or special accessories are required for compliance, a statement must be included which instructs the user to employ them, for example, Shielded cables must be used with this unit to ensure compliance with the Class FCC limits.
