

Manufacturing Details:

Part Number: 10004285

Name: Label MX3-IZ Locator Tester FCC

Material: 3M 680-10 Adhesive backed vinyl

Scale: 1:1 (1.4"W x 1.2"H)

MATRIX

Model No. 10004035
FCC ID: USKLOCTSTR

Contains FCC ID: VW4A091729
Contains IC: 11019A-091729

This device complies with Part 15 of the FCC Rules.
Operation is subject to the following two conditions:
1) This device may not cause harmful interference,
and (2) this device must accept any interference
received, including interference that may cause
undesired operation.

DRAFT DOCUMENT
DO NOT DISTRIBUTE

The image shows the back of a black, rectangular electronic device, possibly a mobile phone or a small tablet. The device has a textured, slightly grainy surface. On the left side, there is a white rectangular label with the text "ID LABEL" in red. To the right of the label, there is a square-shaped slot for a SIM card. Further to the right, there is a circular port, likely for a charging cable or a headphone jack. The device is set against a solid blue background.
