Dear Sir or Madam:

We, Shenzhen Friendcom Technology Development Co., Ltd., declare that we have a product named as FC-302 Data Radio (FCC ID: UU3FC302U2D) which has been tested and approved by BACL, meanwhile, for our marketing purpose, we would like to test a series product and certificate. Compared with the approved one, the current one (FCC ID: UU3FC302U2) is just not installed with GMSK data modem board and its FM parameters and performance is not affected by the removal of GMSK data modem board. No other changes are made to them.

We confirm that all information above is true, and we'll be responsible for all the consequences. Please contact me if you have any question.

Sincerely Yours,
