

TUNEWAVE FM

User Manual

Thank you for buying TUNEWAVE FM

Now you can enjoy playing your iPod's music on an FM radio in your car or in your home. Here are some tips to help you get started.

Instructions for using TUNEWAVE FM

- Step 1 - Turn on your radio and tune it to an empty FM station which is playing only static noise.
- Step 2 - Plug TUNEWAVE FM into the dock connector on your iPod. TUNEWAVE FM will power up and the FM frequency light will turn on.
- Step 3 - Tune the FM frequency on TUNEWAVE FM using the control switch to match the FM frequency number on your radio.
- Step 4 - Turn on your iPod and select your music. Play and enjoy!

Instructions for using the car charger cable

Connect the car charger to a 12V power socket in your car. Connect the cable to the charging port located on the side of TUNEWAVE FM. The charging sign will appear on the iPod's screen.

Instructions for using the USB cable to connect to a computer

Connect one end of the USB cable to your computer. Connect the other end to the charging port located on the side of TUNEWAVE FM. You can now sync your iPod to your computer and charge your iPod using the USB cable.
