Object: Declaration Letter for RA0005 – qDock – qIDmini docking station

FCC ID: UVECAENRFID018

The product submitted for the FCC certification is available in two versions:

- 1) P.N. WRA0005XAAAA with white plastic enclosure
- 2) P.N. WRA0005XGAAA with gray plastic enclosure

The enclosure material is the same for both version except the different colour, so from the EMC point of view the two versions are equivalent.

The test report provided for the certification application contains the measurements performed on the WRA0005XAAAA version.
