

MOTOROLA

Regulatory Engineering

September 22, 2011

Federal Communications Commission
Office of Engineering and Technology
Equipment Authorization Division
7345 Oakland Mills Road
Columbia MD 21046

SUBJECT: Class II Permissive Change for FCC ID: UZ7AP6

To the commission,

The product, Access Point, Radio Module AP-6, was issued a grant by the FCC dated 02/02/2011 under FCC ID: UZ7AP6.

Now we, Motorola Solutions, Inc. would like to modify the authorized equipment with the following changes:

- ◆ Add RF output power settings for NCAP PIFA antenna

Except for the change above, no other modification is performed. Also, the change does not have any impact on the approved radio parameter such as power, frequency range, modulation etc.

Respectfully,

A handwritten signature in blue ink that reads "Mark S. Luksich".
