Class II Permissive Change Request Letter

FCC ID: V2X-PM560

To Whom It May Concern:

We are submitting an application for a class II permissive change to the FCC approval.

The purpose of this C2PC application is to decrease in output power for BT/BLE. There are no hardware change also the maximum output power rating of the original authorization do not change.

Spot check tests showed that the spurious emissions did not increase compared to previously results.

Sincerely,

A handwritten signature in blue ink, appearing to read "Wilson Park".
