| Peak |  <p>Level (dBuV/m) vs Frequency (MHz) for Horizontal polarization. The plot shows a blue trace with a red limit line at 70.0 dBuV/m. Two peaks are marked with vertical lines and labeled '1' and '2'. A red label 'PART 15.407' is present.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                              |             |              |             |        |       |  <p>Level (dBuV/m) vs Frequency (MHz) for Fundamental polarization. The plot shows a blue trace with a red limit line at 70.0 dBuV/m. A single peak is marked with a vertical line and labeled '1'. A red label 'PART 15.407' is present.</p> |        |      |     |         |        |      |      |  |      |       |             |              |             |  |  |  |        |     |        |        |    |      |      |    |    |     |   |         |       |       |        |       |       |       |       |     |    |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |         |       |       |        |       |       |       |       |     |       |        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |      |  |      |       |             |              |             |      |     |       |        |      |        |        |      |       |             |              |             |     |   |         |        |       |        |        |       |       |       |     |    |         |   |         |       |       |       |       |       |       |       |     |    |

| Pol. | Horizontal                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |        |        |        |        | Fundamental                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |        |        |        |            |        |       |      |        |       |        |      |        |        |        |       |        |        |       |        |        |        |      |      |        |        |    |      |      |         |       |        |        |       |         |       |       |       |         |       |         |       |        |            |       |       |       |       |     |         |   |         |       |       |        |       |       |       |       |     |         |   |         |       |       |        |       |       |       |       |     |         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |  |  |  |  |  |       |      |     |       |        |      |      |        |      |       |      |        |       |        |      |        |  |     |        |        |    |      |      |    |    |    |     |   |         |        |       |       |       |       |       |       |     |         |
| Peak |  <p>Horizontal Peak Spectrum Plot showing Level (dBuV/m) vs Frequency (MHz). The plot displays a red limit line and a blue measured signal. Four peaks are identified and numbered 1 through 4. Peak 1 is at 5854.50 MHz, Peak 2 at 5855.50 MHz, Peak 3 at 5924.63 MHz, and Peak 4 at 5940.63 MHz. A red label 'PEAK_BE(B4)_16-24' is present.</p> <table><thead><tr><th></th><th>Limit</th><th>Read</th><th>Ant</th><th>Cable</th><th>Preamp</th><th>APos</th><th>TPos</th><th>Remark</th></tr><tr><th>Freq</th><th>Level</th><th>Line</th><th>Margin</th><th>Level</th><th>Factor</th><th>Loss</th><th>Factor</th><th></th></tr><tr><th>MHz</th><th>dBuV/m</th><th>dBuV/m</th><th>dB</th><th>dBuV</th><th>dB/m</th><th>dB</th><th>dB</th><th>cm</th><th>deg</th></tr></thead><tbody><tr><td>1</td><td>5854.50</td><td>52.34</td><td>111.94</td><td>-59.60</td><td>38.40</td><td>35.88</td><td>10.46</td><td>32.40</td><td>105</td><td>52 PEAK</td></tr><tr><td>2</td><td>5855.50</td><td>58.25</td><td>110.66</td><td>-52.41</td><td>44.31</td><td>35.88</td><td>10.46</td><td>32.40</td><td>105</td><td>52 PEAK</td></tr><tr><td>3</td><td>5924.63</td><td>50.86</td><td>68.48</td><td>-17.62</td><td>36.76</td><td>36.03</td><td>10.53</td><td>32.46</td><td>105</td><td>52 PEAK</td></tr><tr><td>4</td><td>5940.63</td><td>52.36</td><td>68.30</td><td>-15.94</td><td>38.26</td><td>36.04</td><td>10.54</td><td>32.48</td><td>105</td><td>52 PEAK</td></tr></tbody></table> |        |        |        |        |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  | Limit  | Read   | Ant    | Cable      | Preamp | APos  | TPos | Remark | Freq  | Level  | Line | Margin | Level  | Factor | Loss  | Factor |        | MHz   | dBuV/m | dBuV/m | dB     | dBuV | dB/m | dB     | dB     | cm | deg  | 1    | 5854.50 | 52.34 | 111.94 | -59.60 | 38.40 | 35.88   | 10.46 | 32.40 | 105   | 52 PEAK | 2     | 5855.50 | 58.25 | 110.66 | -52.41     | 44.31 | 35.88 | 10.46 | 32.40 | 105 | 52 PEAK | 3 | 5924.63 | 50.86 | 68.48 | -17.62 | 36.76 | 36.03 | 10.53 | 32.46 | 105 | 52 PEAK | 4 | 5940.63 | 52.36 | 68.30 | -15.94 | 38.26 | 36.04 | 10.54 | 32.48 | 105 | 52 PEAK |  <p>Fundamental Peak Spectrum Plot showing Level (dBuV/m) vs Frequency (MHz). The plot displays a red limit line and a blue measured signal. A single sharp peak is identified and labeled 'PART 15.407'.</p> <table><thead><tr><th></th><th>Limit</th><th>Read</th><th>Ant</th><th>Cable</th><th>Preamp</th><th>APos</th><th>TPos</th><th>Remark</th></tr><tr><th>Freq</th><th>Level</th><th>Line</th><th>Margin</th><th>Level</th><th>Factor</th><th>Loss</th><th>Factor</th><th></th></tr><tr><th>MHz</th><th>dBuV/m</th><th>dBuV/m</th><th>dB</th><th>dBuV</th><th>dB/m</th><th>dB</th><th>dB</th><th>cm</th><th>deg</th></tr></thead><tbody><tr><td>1</td><td>5825.00</td><td>102.42</td><td>-----</td><td>-----</td><td>88.55</td><td>35.81</td><td>10.44</td><td>32.38</td><td>105</td><td>52 PEAK</td></tr></tbody></table> |  |  |  |  |  | Limit | Read | Ant | Cable | Preamp | APos | TPos | Remark | Freq | Level | Line | Margin | Level | Factor | Loss | Factor |  | MHz | dBuV/m | dBuV/m | dB | dBuV | dB/m | dB | dB | cm | deg | 1 | 5825.00 | 102.42 | ----- | ----- | 88.55 | 35.81 | 10.44 | 32.38 | 105 | 52 PEAK |
