

April 12, 2022

Dear Application Examiner,

Autani, LLC model: 1000186, FCC ID: V8NZRB1000186, would like to have your authorization as a modular approval specific to the ZRB4.

The requirements of Public Notice DA00-1407 have been met and shown on the following statements.

1. **“The modular transmitter must have its own RF shielding.”: The ZRB4 contains a shield that covers the appropriate RF circuitry.**
2. **“The modular transmitter must have buffered modulation/data inputs.”: The radio IC used on the ZRB4 contains buffered modulation/data inputs.**
3. **“The modular transmitter must have its own power supply regulation.”: The primary operating voltage is provided by the base board and this power is regulated down to 3.3V for the RF circuitry.**
4. **“The modular transmitter must comply with the antenna requirements of section 15.203 and 15.204(C).”: The ZRB4 contains a PCB etched antenna. Compliance for these sections has been maintained.**
5. **“The modular transmitter must be tested in a stand-alone configuration”: The ZRB4 has been tested and certified in a stand-alone configuration.**
6. **“The modular transmitter must be labeled with its own FCC ID number.”: The ZRB4 will contain the required FCC label on the RF shield.**
7. **“The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements.”: All the appropriate information is contained within the User’s Manual or User’s Manual Insert.**
8. **“The modular transmitter must comply with any applicable RF exposure requirements.”: The ZRB4 complies with all sections of the RF exposure requirements.**

Please contact me if you have any additional questions.

Regards,
