Statement

We, (K-Mark Industrial Limited.), states that our device, FCC ID: VEP-PBTM/IC: 11708A-PBTM, because the appearance of the product is curved, the label can not be properly attached to the shell, so we change the label position to the battery slot, the user needs to first open the battery cap to install the battery, this time you can see the label. There are instructions in the manual how to find the location of the label.

Thank you for your attention to this matter.

Sincerely,

Signatory
