

Test Setup	Conducted measurement (Front side)
	 A photograph showing the front view of the test setup. A wooden table is positioned in front of a large, transparent, rectangular enclosure. On the table, a laptop is open, displaying a software interface. To the right of the table, on the floor, there is a piece of electronic equipment with various cables connected to it. The background is a plain, light-colored wall.
Test Setup	Conducted measurement (Side)
	 A photograph showing the side view of the test setup. The wooden table and the transparent enclosure are visible. The laptop is still on the table. The electronic equipment on the floor is more clearly visible from this angle. The background shows a wall with some electrical outlets and a switch.
