

Date: **October 23, 2025**

SUBJECT: **Module Integration Compliance Letter**

FCC ID: VPQ-EZ3NDTNFC

IC: 7392A-EZ3NDTNFC

Brand/Trade Name: TRIXELL

Model Number: pixium 3543 EZ3 NDT

This letter confirms that the radio frequency (RF) module **WNFB265AX** is integrated into the end device **pixium 3543EZ3 NDT** in strict accordance with the manufacturer's integration guidelines and the regulatory grant conditions set forth by the Federal Communications Commission (FCC) and Innovation, Science and Economic Development Canada (ISED).

The module has been installed without any modifications to its hardware, firmware, or RF parameters. All operating bands, power levels, and antenna configurations remain as authorized under the original certification. No bands have been disabled, and no alterations affecting RF performance or compliance have been made.

The module is being used under its original grant, with the following details:

FCC ID: VPQ-WNFB265AXIBT

Grant Date: 12/13/2023]

IC : 7392A-WNFB265AXIBT

Technical acceptance Certificate N°: AN23I3293

The integration ensures compliance with all applicable regulatory requirements, including but not limited to FCC Part 15 and RSS-Gen, and the final product meets the necessary conditions for modular approval.

Should you require any additional information or supporting documentation, please do not hesitate to contact us.

Sincerely yours,

Olivier Chastel
