

3 Test setup photographs

3.1 Definition of the EUT axis

The following configuration is defined as X-Axis (Configuration 1)

The following configuration is defined as Y-Axis (Configuration 1)

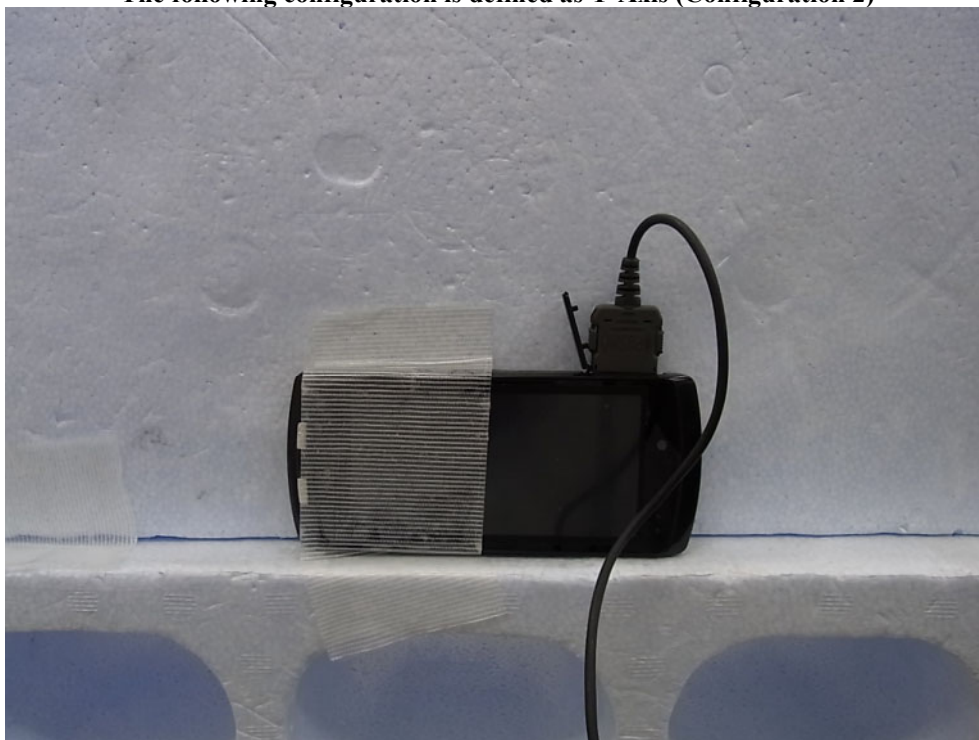

The following configuration is defined as Z-Axis (Configuration 1)

The following configuration is defined as X-Axis (Configuration 2)

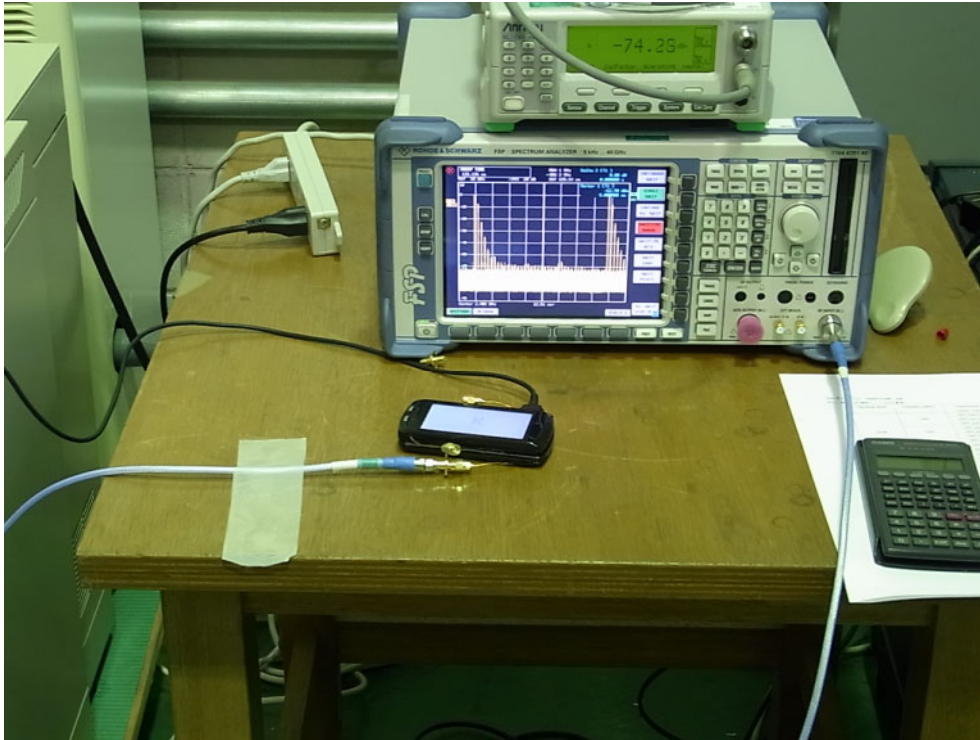

The following configuration is defined as Y-Axis (Configuration 2)

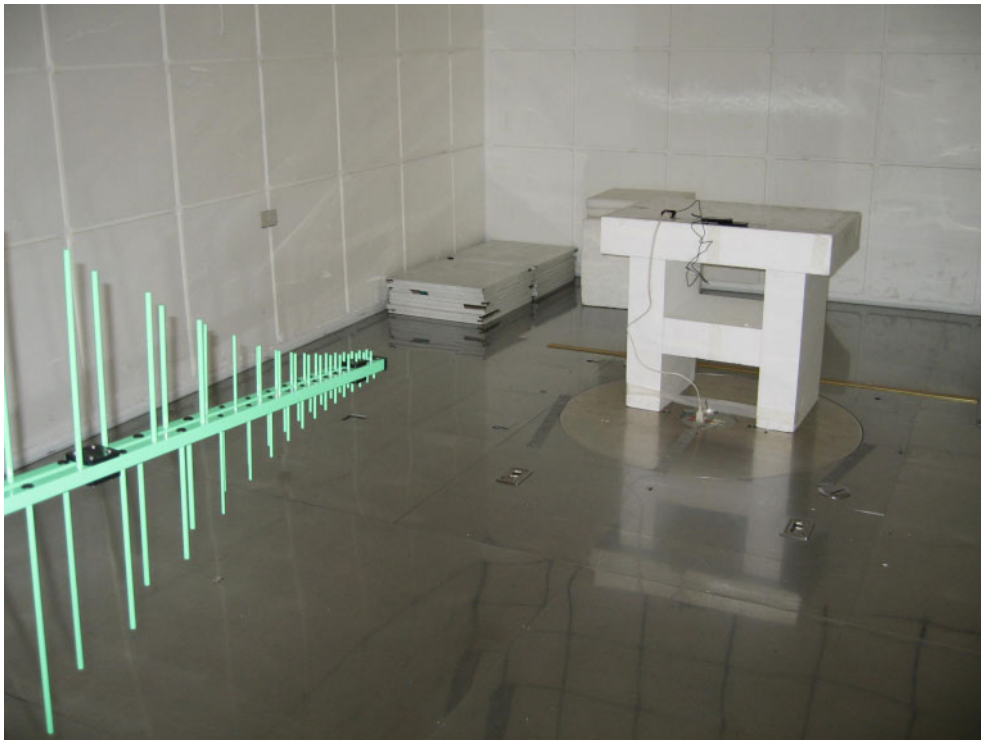

The following configuration is defined as Z-Axis (Configuration 2)

3.2 Antenna Port Measurements

3.3 Radiated spurious emissions

3.4 AC power line conducted emissions
