Columbia, MD 21046

Cover letter
FCC ID : VSOMD-400D

Gentlemen:

1. YEONHWA M TECH CO.,LTD requires the Part 90 FCC grant list frequencies outside of Part 90 assignments because state and local government users specify operation outside of Part 90 so that they can interoperate with Federal agencies. The issue being that user's that are not under NTIA frequency coordination must use radios that have FCC approval.

2. This equipment has a variant model.

SD-674D	The same as the base model, but it is different distributors
---------	--

3. The USB connection of this equipment is used only for engineering purposes in the factory, and end-user can use for charging the internal battery.
4. This device is 50% duty cycle. I amend User manual.
5. This device is fixed, so This device does not require a SAR test.

Sincerely,

Hwan-Dae Kim / Chief Engineer
YEONHWA M TECH CO.,LTD
