2. Dimensions of Structure

Product Appearance

The structural dimensions of the RW135 module is shown in Figure 2:

Figure 2. Dimensions of structure

3. Packaging

The RW135 module uses the tray sealed packing, combined with the outer packing method using the hard cartoon box, so that the storage, transportation and the usage of modules can be protected to the greatest extent.

- The module is a precision electronic product, and may suffer permanent damage if no correct electrostatic protection measures are taken.

4. Tray Package

The RW135 module uses tray package, 20 pcs are packed in each tray, with 5 trays including one empty tray on top in each box and 5 boxes in each case. Tray packaging process is shown in Figure 3:
