

Brand Name: SAGEMCOM Model Name: F@ST 3890 V3 LLA

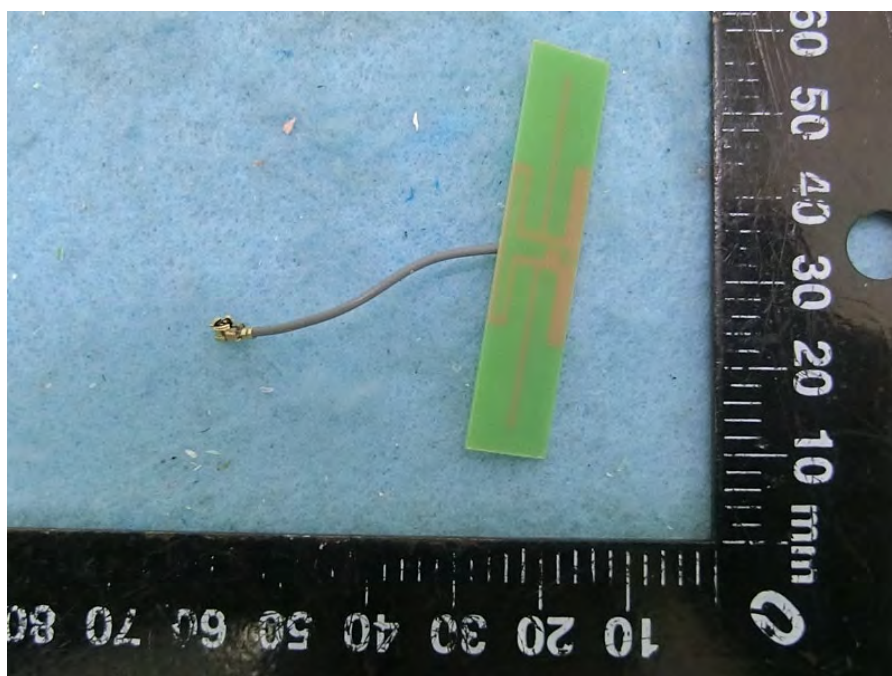

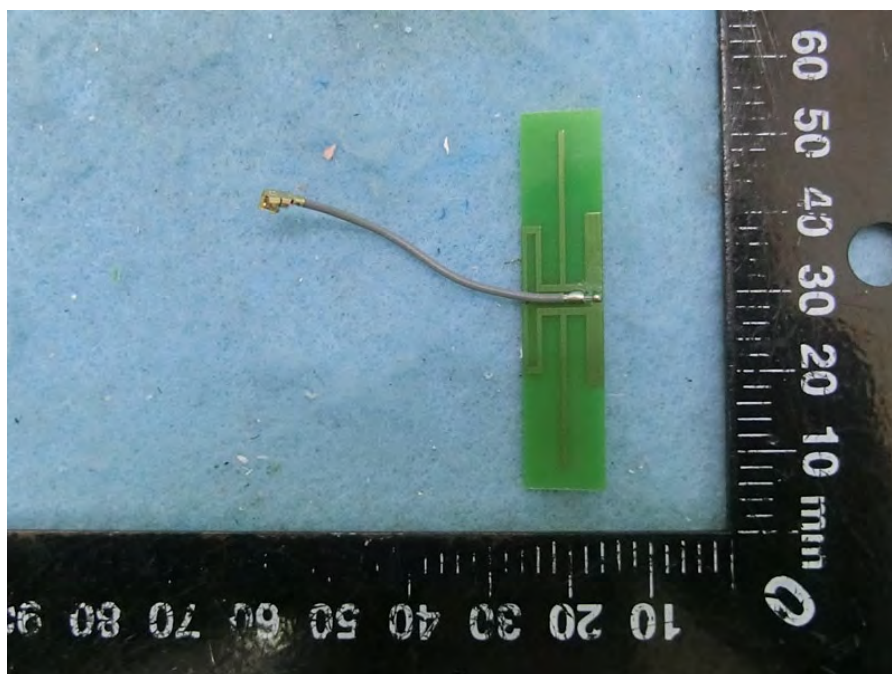

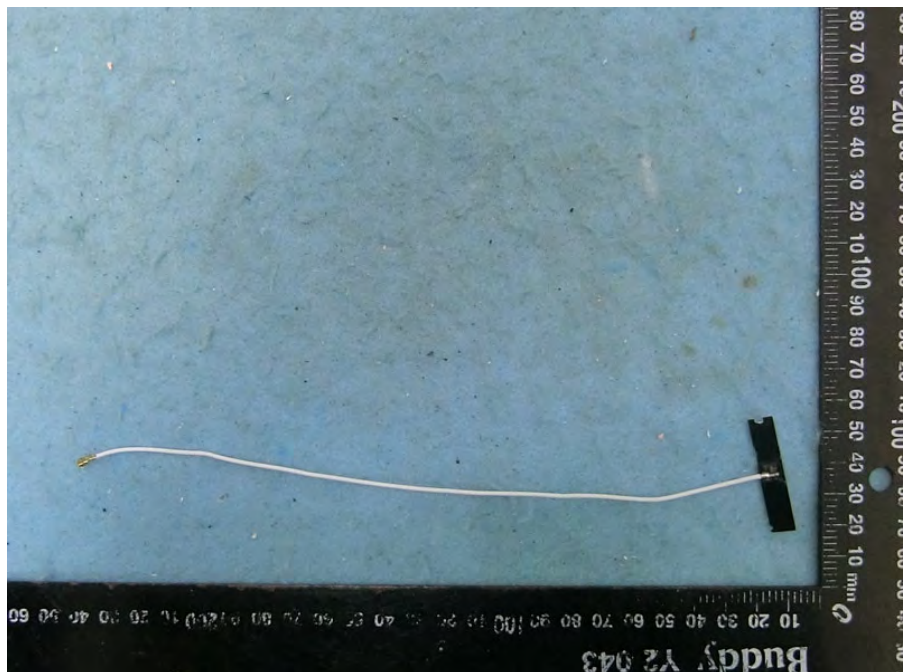

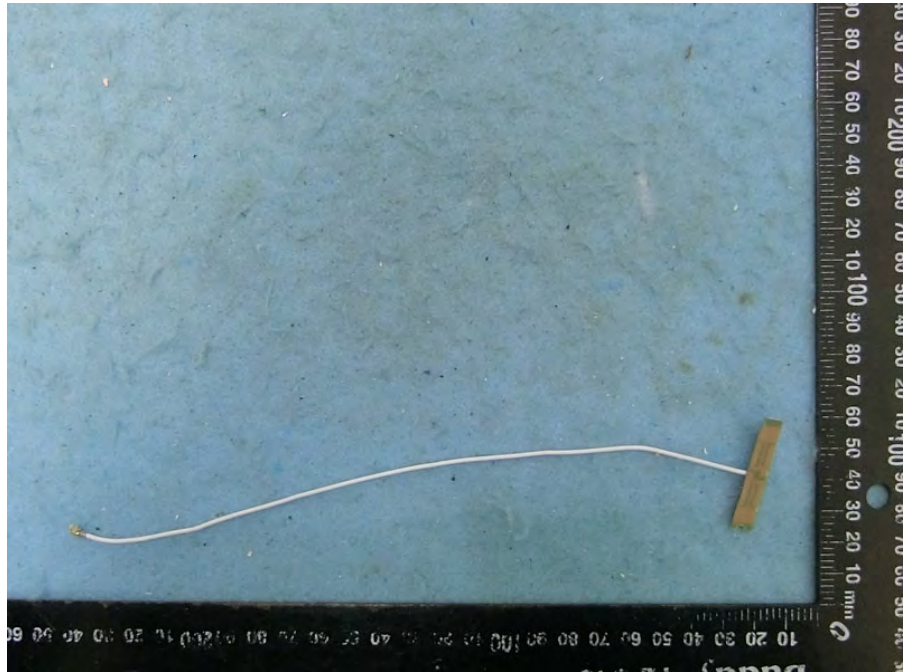

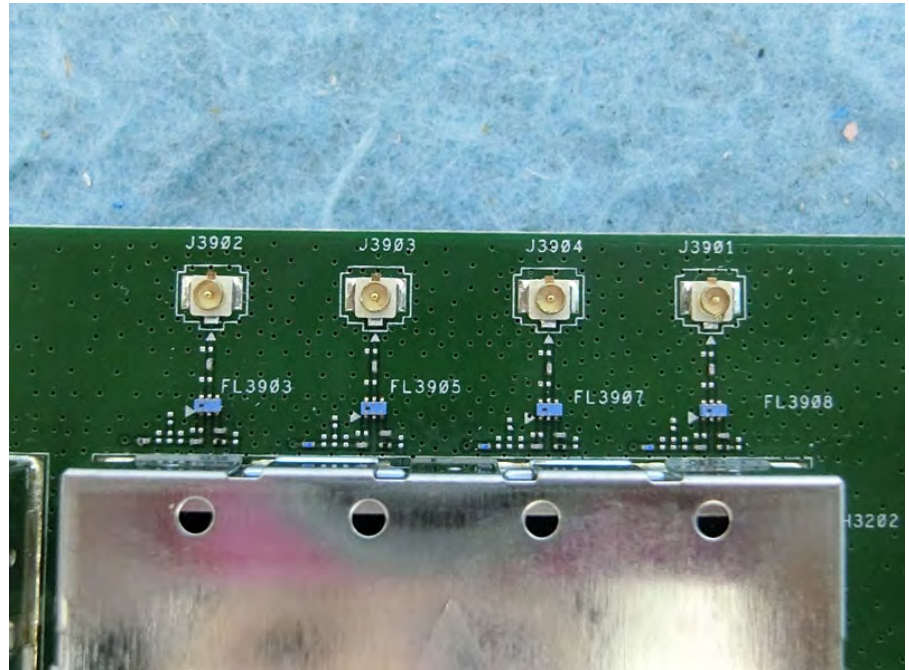

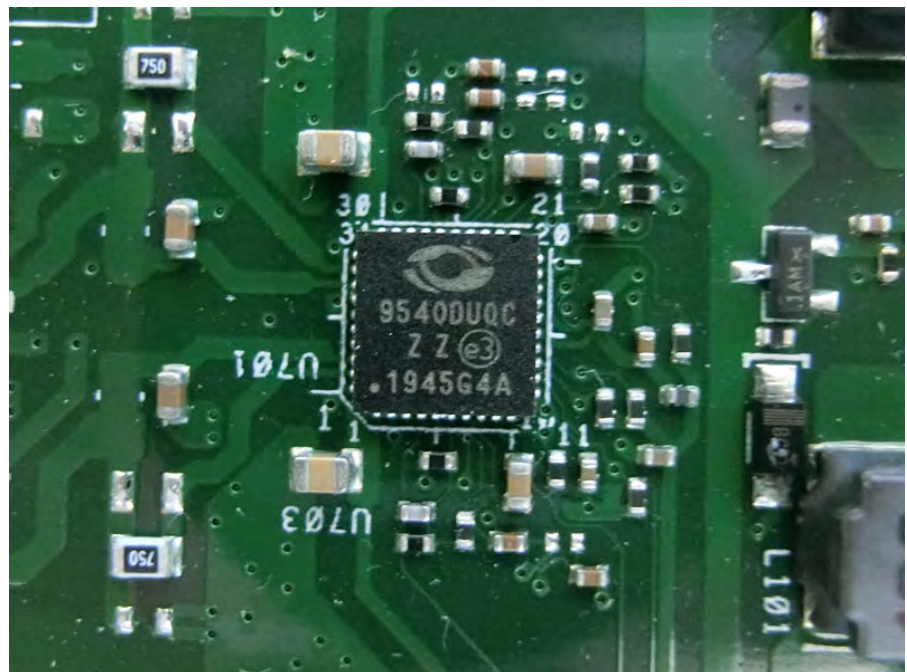

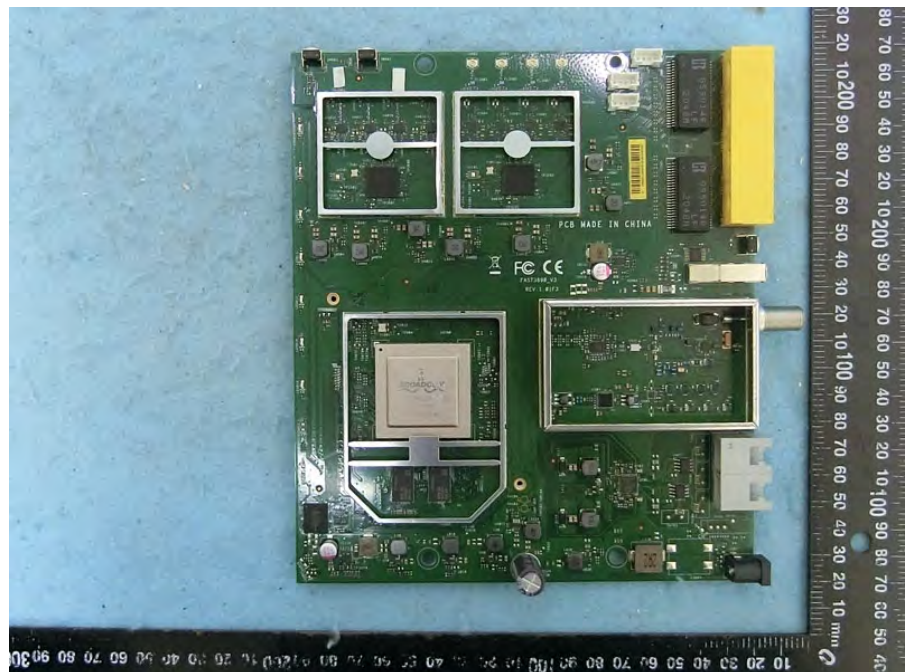

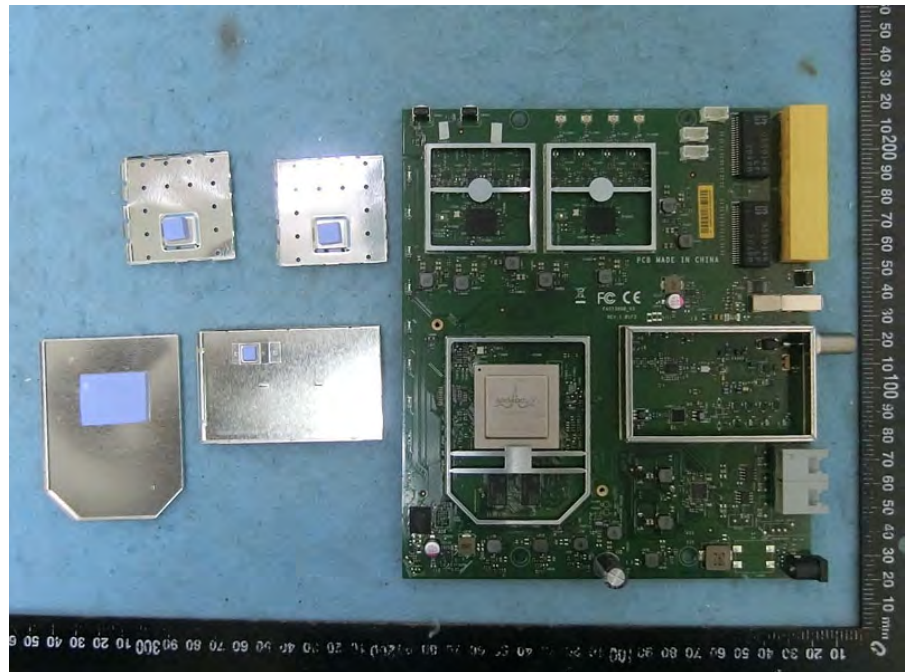

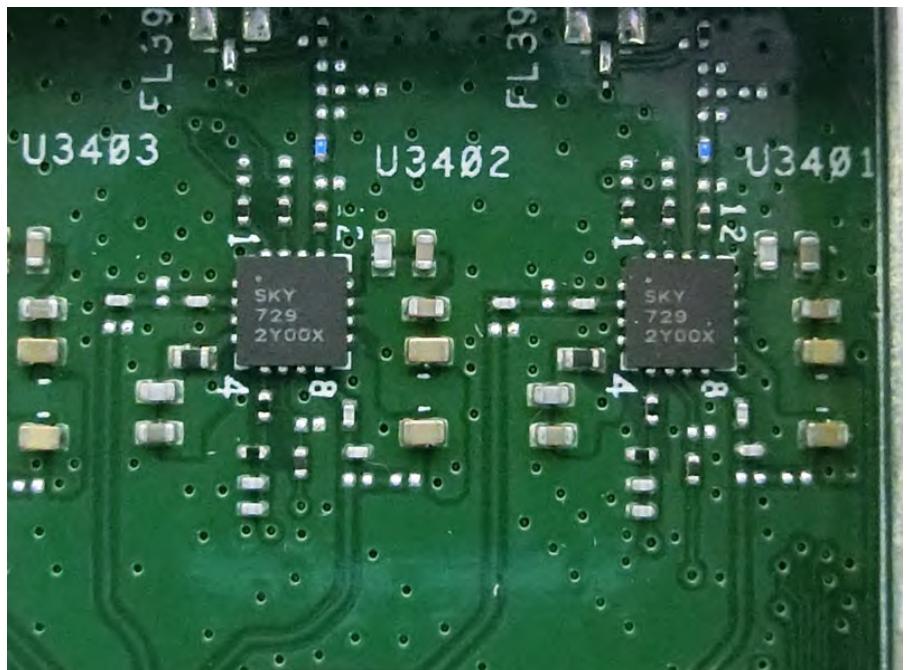

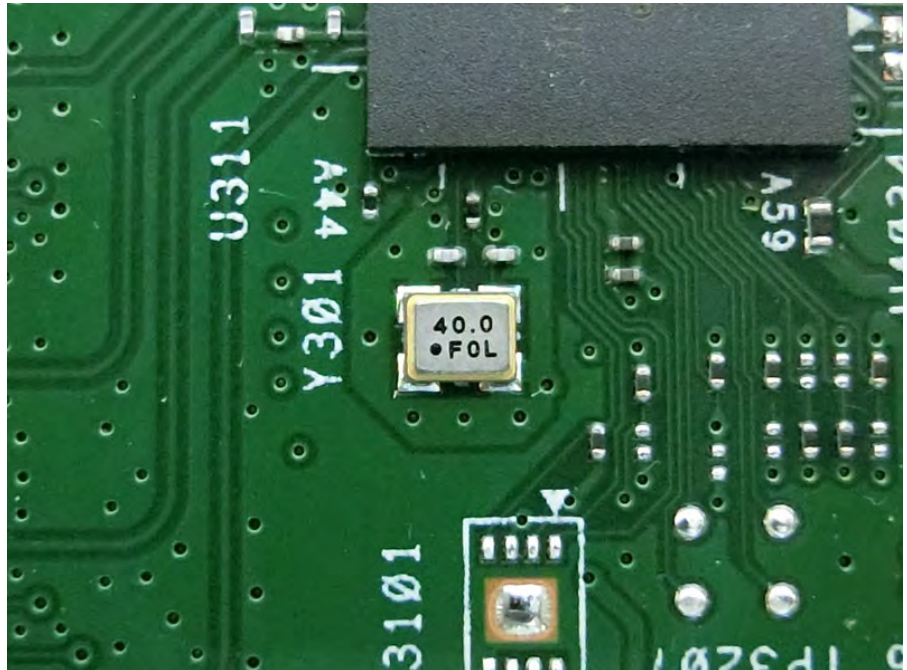

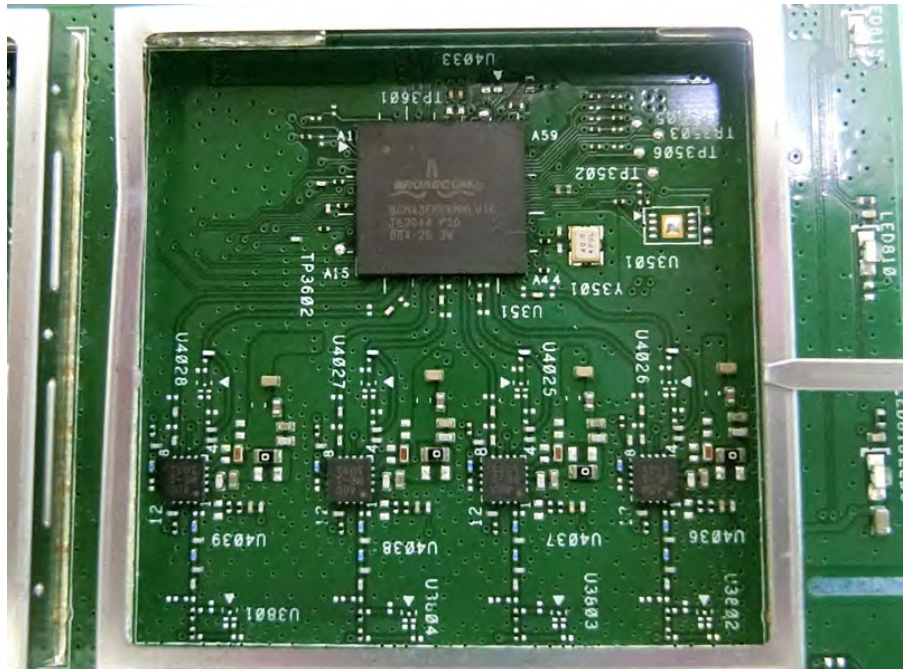

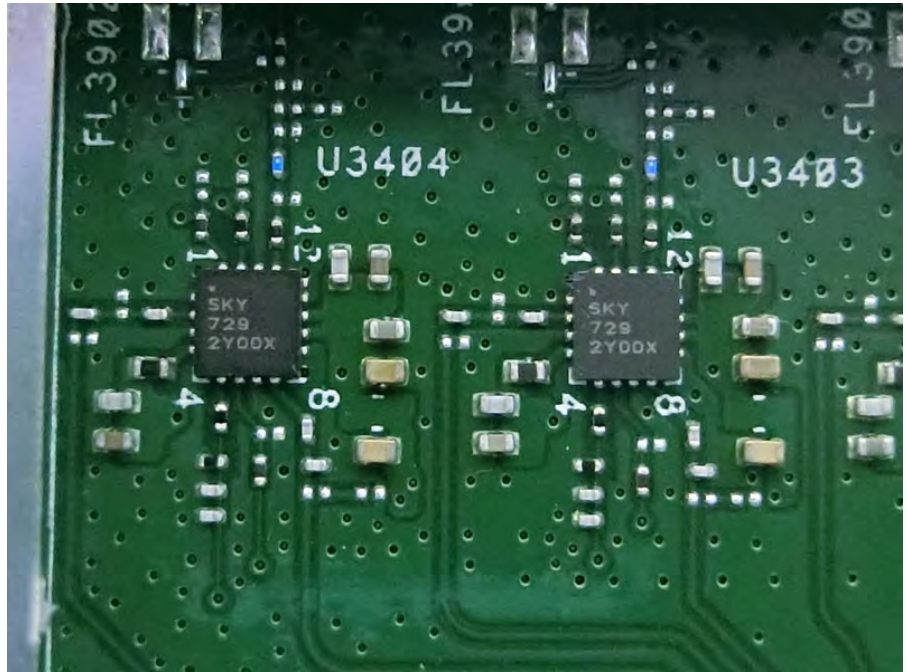

The image shows a green printed circuit board (PCB) with various electronic components. The central component is a large, square, black integrated circuit (IC) labeled "BROADCOM" and "BCM4329". Other components include several smaller ICs, capacitors, and resistors. The PCB has a complex pattern of copper traces and pads. The board is mounted on a larger, light-colored carrier or test socket.

Key components and labels visible on the board include:

- TP3204 TP3203
- TP3206 TP3207
- U4034
- 65V
- U3101
- U311
- U301
- U3403
- U3402
- U3401
- FL3902
- FL3904
- FL3906
- FL3901
- TP3202
- TP3201
- U4033
- U4032
- U4031
- U4030
- U4029
- U4028
- U4027
- U4026
- U4025
- U4024
- U4023
- U4022
- U4021
- U4020
- U4019
- U4018
- U4017
- U4016
- U4015
- U4014
- U4013
- U4012
- U4011
- U4010
- U4009
- U4008
- U4007
- U4006
- U4005
- U4004
- U4003
- U4002
- U4001
- U4000

A close-up photograph of a Broadcom BCM4366EKMMLW1G wireless chip mounted on a green printed circuit board (PCB). The chip is a dark, square integrated circuit with the Broadcom logo and part number clearly visible. The PCB features various surface-mount components, including capacitors and other integrated circuits, with labels such as TP3601, TP3602, and U4033. The image highlights the intricate details of the chip and its placement on the board.
