

Model Declaration Letter

Model	Differences
DD7006M	Lacks ethernet port related components
DD7006N, DD7006D, DD7006F	With ethernet port

Differences in external appearance	
DD7006M	DD7006N, DD7006D, DD7006F
	
Differences in internal PCB	
DD7006M	DD7006N, DD7006D, DD7006F
	

All models use the same PCB design, Model DD7006N has a ethernet port while Model DD7006M does not, the only difference is that the DD7006M model lacks ethernet port related components. Model DD7006D and DD7006F are the same as Model DD7006N.
