

DORAN MANUFACTURING, LLC.

Declaration letter

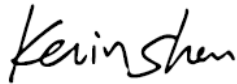

For our business issue and marketing requirement, we would like to list different model numbers as following:

Model No.: 3604, 3602,3603

Model Difference:

Test device 3604 has low- frequency inductor, and model 3602 does not have low-frequency inductor, which does not affect radio parameters.

Model 3603 is the same as 3604 except different appearance, model number and software coding format, which does not affect radio parameters.
