

GBT-915

915MHz Spring Antenna Specification

Model: GBT-915-0.5*4.5*8.5*9.75N-8*3.6L

Technical Specifications:

Weight(g): 0.236 ± 0.05

Hight(mm): 8.5

Diameter(mm): 0.5 ± 0.02

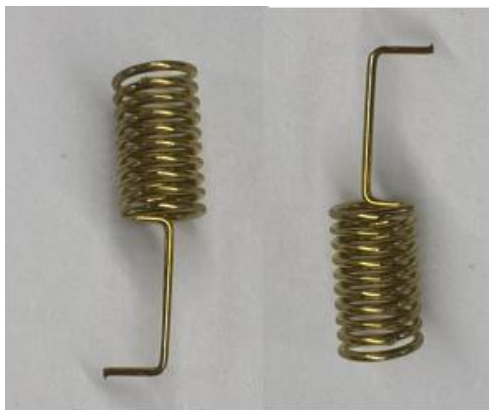

Antenna Color: Copper

Material: Brass

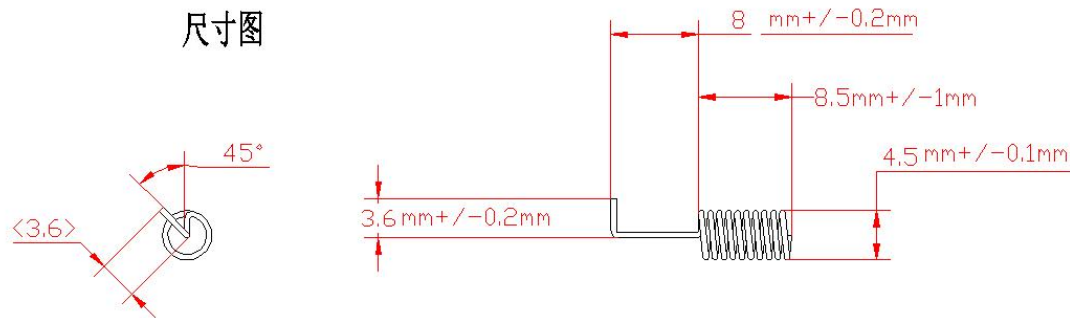

Product Description:

Model GBT-915-0.5*4.5*8.5*9.75N-8*3.6L is a dedicated antenna designed for 915 MHz wireless data transmission systems. It boasts precise dimensions, compact form factor, ingenious structure, easy installation and stable performance, along with excellent anti-vibration and anti-aging capabilities.

All springs are strictly inspected by our in-house quality department prior to delivery.
