AQUATIC AV®
products with a watertight reputation

FCC Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help
- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation

This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.

Radiation Exposure Statement The device has been evaluated to meet general RF exposure requirement in portable exposure condition without restriction.

For the best user experience, we recommend you download the Aquatic AV® App.

Features Include:

- Connect to your Aquatic AV® RGB Controller via Bluetooth
- Control RGB via endless colors, lighting modes, and more
- Music Mode syncs LED's with the beat of your music
- Register Your Aquatic AV® RGB Controller + other Aquatic AV® Products
- Manage warranty status and your Aquatic AV® account
- Add multiple controllers for multiple zones/locations

WARRANTY

The warranty period for all products starts on the date of purchase by the consumer. The purchase must be from either Aquatic AV directly or an authorized distributor or dealer. Aquatic AV also provides a limited extended warranty of ninety (90) days in addition to the standard warranty period of 2 years if the consumer registers the product within ninety (90) days of the purchase date. You must be eligible for a standard warranty to be eligible for the extended warranty.

All warranty claims must be accompanied by a copy of the original sales receipt specifying the place and date of purchase. That place must either be from Aquatic AV directly or an authorized distributor or dealer for the warranty to be valid. The inability to produce the original sales receipt during any warranty claims may result in loss of the warranty. For more information, visit www.support.aquaticav.com
