Dear Sirs,

This letter serves as an official request for Confidentiality under FCC Rule Section §§0.457(d) and 0.459. We request that internal photos for the Bidirectional Electronically Steerable Phased Array (BESPA) be held with Long-Term Confidentiality. Various parts of the artwork and the circuitry contained within this design are either patent pending or held as trade secret and not publicly available. All sales and installations of these devices are under an NDA restricting the disclosure of propriety information, including internal photos. We request that the following photos required to be submitted with this application be withheld from public review:
