其他：

1. The battery can be charged and discharged hundreds of times, but will eventually wear out.
 2. Unplug your charger from the electrical outlet and from the product when use a charger that is damaged.
 3. Do not leave a fully charged battery connected to a charger, since overcharging may shorten its lifespan.
 4. If left unused, a fully charged battery will lose its charge over time.
 5. Leaving the product in hot or cold places, such as in a closed car in the summer and winter, will reduce the capacity and lifespan of the battery.
 6. Always try to keep the battery between 15°C and 25°C (59°F and 77°F). A product with a hot or cold battery may temporarily stop working, even if the battery is fully charged. Battery performance is limited in temperatures below freezing.
