

12.5mm

The diagram features a central red-bordered box containing regulatory text. To the left of the box, there are two horizontal lines with arrows pointing towards them: one at the top pointing down and one at the bottom pointing up. To the right of the box, there are two vertical lines with arrows pointing towards them: one on the left pointing right and one on the right pointing left. The dimensions '12.5mm' and '16.5mm' are placed near these arrows to indicate width and height respectively.

16.5mm

FCC ID: WNG-TXP-02
MADE IN CHINA
Model: TXP-02
This device complies
